DOUBLE BOND BUYING

Gratiot county has only subscribed beut half of her quota on the Fourth Liberty Loan, and it is now certain that the county will fall far behind its quota unless bond buying in certain quarters is doubled, and unless t picks up in others, and everyone, who is able, takes up their full share of this greatest of all leans.

Ithaca, St. Louis and Alma are already over the top. These three cities have done splendidly. They are that not only over the top, but are still Alma cities have done splendidly. They are not only over the top, but are still buying bonds, and increasing the perentage by which they are going over. They are truly backing up the boys

THE THEATRE

Liberty Theatre

In the William Fox Superpicture,
"The Rose of Blood," in which Theda
Bara, the world renowned screen
artiste, plays the stellar role, there
is a Cossack raid—staged by Director
J. Gordon Edwards—that for real atmosphere surpases any former at-tempt made to film this always spec-tacular and tragic event.

And during the height of this furi-ous charge of the mounted soldiers, Miss Harn was exposed to the danger of being run down and trampled. It was only through the quick wit of an "extra" man that she was barely able to escape serious injury which might have perhaps resulted fatally.

have perhaps resulted fatally.

Director Edwards had taken every precaution to safeguard the principals in this scene and had given minute instructions to the leaders of the band of wild horsemen just where Miss Bara would appear on the scene. He also warned Miss Bara to be ready to dash for safety when he gave her the signal.

Keep Out the Cold and Save Coal

VIDYONE wants to save coal this winter. It's and it's high in price. The easiest way to save coal, is to keep out the

cold and keep in the heat with

Storm Windows and Storm Doors And this saving in coal means a big "profit" to every householder. Houses protected by storm windows and storm doors

require from one-third to one-half less coal. You can easily figure what that means to you in dollars and cents. The saving in coal will pay for the storm windows

and storm doors in one or two seasons. And in addition they increase the comfort and healthfulness of your house by eliminating cold floor drafts, by permitting perfect ventilation and by making it possible to keep warm
